

LOVE, *Ollie*

TRANSFORMING LIVES • SPREADING MORE LOVE

IMPACT REPORT 2024

FROM OUR PRESIDENT

Although Ollie is no longer with us, his love inspires everything we do at the Ollie Hinkle Heart Foundation. As I reflect on this past year, I am overwhelmed with gratitude for the generosity and compassion of our incredible community. Because of your support, we have made a profound difference in the lives of children battling heart conditions and their families.

OHHF has come a long way from its grassroots beginnings. What started as a way for Mark and me to navigate our grief became a mission far greater than ourselves—a way to fill the void left by Ollie’s passing and to stay connected to him. Over time, this journey of healing transformed into something bigger, something more impactful than we ever imagined.

Today, OHHF is no longer just about our loss but about Ollie’s legacy—a legacy of courage, strength, community, and love. The courage of the children and families we serve, who face unimaginable challenges with resilience. The strength of the human spirit to endure heartbreak and emerge with purpose. The community that carried us through our darkest days and now helps others navigate their own. The love that binds us all together in this mission.

With your support, OHHF has grown into a leading resource for the heart community on a national stage. Families and clinicians nationwide look to us for support, and we are committed to ensuring they have the resources and care they need. Since our inception, we have raised over \$9 million and provided critical support to over 9500 heart families across all 50 states.

This impact is no longer about easing our personal grief. It is about transforming lives. Thousands of families count on us today—and will continue to in the future.

Inside this report, you will see the tangible impact of your generosity. Every number represents a life touched, a burden lifted, and hope restored. None of this would be possible without you.

From the bottom of my heart, thank you for standing with us. As we look ahead, I am excited for all that we will accomplish together. With your continued support, we will keep building a future where every heart family not only survives—but truly thrives.

- JENN HINKLE
President/CEO, Co-founder, and Ollie’s Mom

OUR IMPACT

FROM A HEART HERO

When I was born, the outlook for children like me with congenital heart disease (CHD) was anything but hopeful. At the time, survival rates were alarmingly low—most infants with CHD didn't live to see their first birthday. But today, the story is dramatically different. An incredible 90% of children with CHD now survive into adulthood, and for the first time, there are more adults than children living with these conditions. This extraordinary transformation reflects the unwavering dedication of researchers, healthcare providers, and organizations committed to improving the lives of heart warriors.

Yet, the challenges of CHD go far beyond the physical. The emotional impact on patients and their families can be profound. Repeated experiences with pain, illness, and the fear of loss leave lasting scars. Growing up, my family and I faced this difficult journey in isolation without the benefit of a support network. Their resilience in navigating those uncertain times remains a powerful source of inspiration for me.

Recognizing the critical need for connection and support, my brother Mark and I have made it our mission to share our experiences to uplift others. We've had the honor of speaking at the Ollie Hinkle Heart Foundation (OHHF) Take Heart Conference, and I actively participate in the Adult Congenital Heart Association's (ACHA) Neuro Conferences, advocating for the psychological well-being of individuals with CHD. Additionally, as a Peer Mentor with ACHA, I offer guidance and hope to patients and their families, drawing from my journey to let them know they're not alone.

When I discovered OHHF, I was deeply inspired by its mission. Their Ollie's Branch program, which provides compassionate, accessible mental health support for individuals with childhood-onset heart conditions and their families, struck a chord with me. By connecting individuals with CHD and their loved ones with licensed therapists, OHHF creates a vital lifeline for those navigating the complexities of congenital heart disease.

As a child, I always felt that I had a purpose in life. Today, that purpose is clearer than ever, thanks to the incredible work of organizations like OHHF. Their dedication, along with the efforts of numerous healthcare providers and researchers, has enabled those of us with congenital heart disease to live full and meaningful lives. Together, we inspire hope, pave the way for future generations, and prove that no journey is too remarkable when fueled by resilience and support.

TRANSFORM LIVES

Congenital heart conditions are the most common birth defects worldwide, causing 217,000 deaths each year, with 150,000 being babies. Investing in life-saving technology with partners is essential to saving lives.

Ella faced the challenges of a rare heart condition known as dilated cardiomyopathy (DCM). Despite her strength and resilience, her journey was tragically cut short due to the limited treatment options available to improve her heart function.

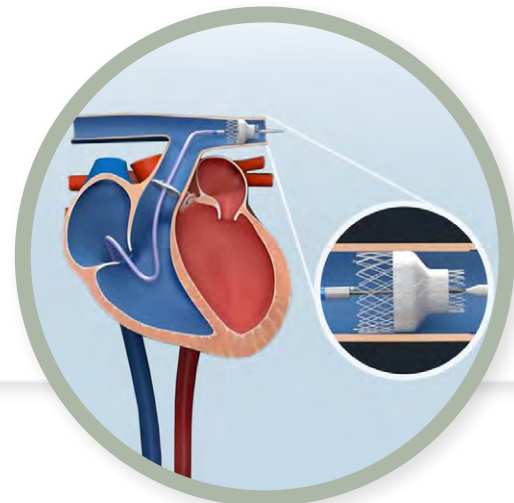

“Tears welled in my eyes as I learned about the IntelliStent™ technology. I realized that if it had existed in 2017, it might have saved my daughter’s life.”

- BETTY MERTENS
President of Ella’s Umbrella

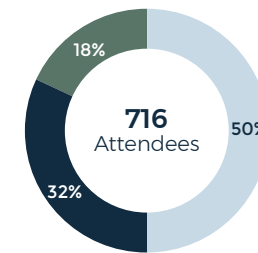

IMPROVE OUTCOMES

OHHF and Ella’s Umbrella have come together with Heart Point Global to support this vital technology.

- ♥ Saving lives without surgery or when surgery is not an option
- ♥ Less invasive, safer option
- ♥ Shortens recovery time
- ♥ Improves access to care
- ♥ Cost effective

12 Speakers

100% said they are likely or very likely to recommend Take Heart to a friend or colleague

“The diversity of the presenters was excellent. You really covered a broad spectrum of the CHD community and the CHD experience.”

- CONFERENCE ATTENDEE

COLLECTIVE IMPACT

We are joining forces with heart warriors, their families, and caregivers, alongside content experts and partners from hospitals, social services, the industry, and data-sharing sectors, to advance our mission and drive meaningful action.

1 New Hospital Membership - Confirmed
21 Hospital Memberships - In Progress

“Thank you, OHHF team, for your collaboration. It is really important and would be mutually beneficial for Lurie, OHHF, and the global CHD parental community to evaluate and publish the effectiveness of our approach.”

- SHEETAL R. PATEL, MD, MSCI
Medical Director, Fetal Cardiology Program

If you are interested in learning more or how to join, contact takeheart@theohhf.org.

ASKING OUR PRESIDENT

What's something people might not know about OHHF but should?

We started with a simple mission: to identify the gaps in care for heart patients and their families and find real solutions. Along the way, we realized that true change means addressing not just health outcomes, but the emotional and financial challenges families face. So, we began amplifying patient voices, investing in innovative advancements, and pushing for a transformation in pediatric heart care.

What began as a grassroots effort has now grown into a nationwide movement, where collaboration and data-sharing are driving change. Today, we're setting new standards for accessible, equitable care, ensuring that every heart family has the support they need, when they need it. Our impact continues to expand, and with it, the promise of lasting improvements for families everywhere.

"I just wanted to reach out and thank you from the bottom of my heart for the help you gave me this past year. My daughter was diagnosed with a CHD in utero at 25 weeks, she will need open heart surgery by the time she's 3. Because of your foundation I've been in therapy after she was born and have been able to "be okay" a bit again."

- HEART PARENT

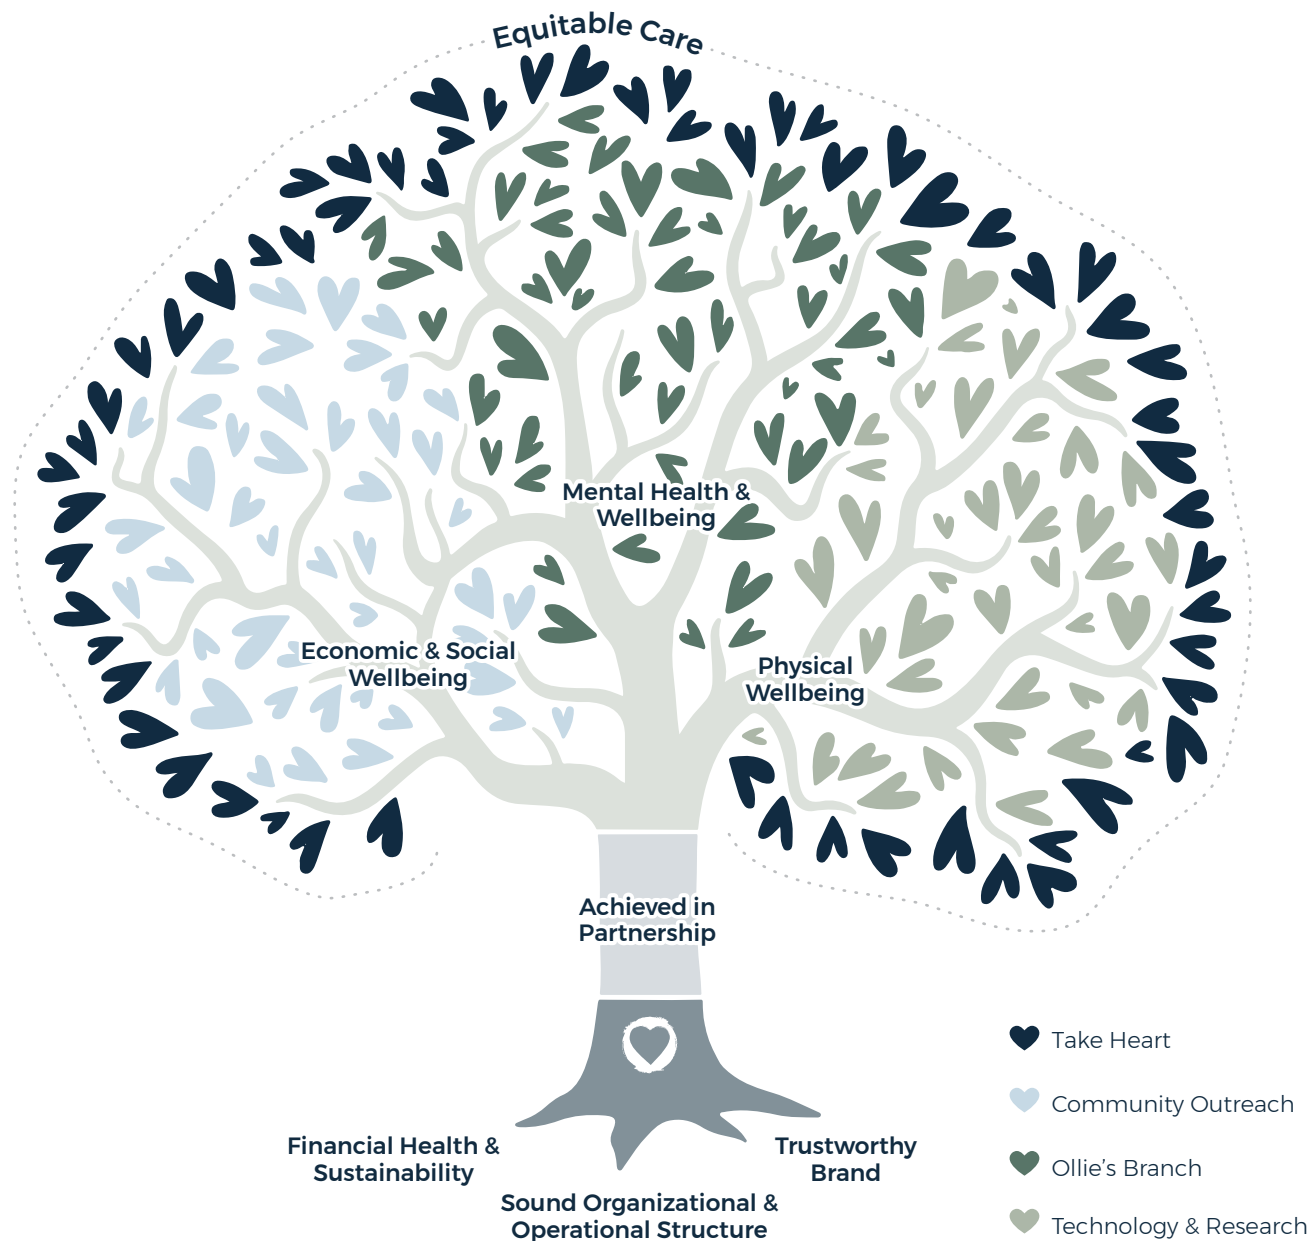

"Being surrounded by fellow heart moms, each with their own unique and powerful stories, created an atmosphere of deep connection and understanding. None of our paths are identical, yet we are united by the shared experience of walking this journey with a child who has a heart condition."

- HEART MOM

OUR STRATEGY

OHHF is committed to expanding our reach and resources through a dynamic referral network based in St. Louis, uniting heart communities nationwide. We strive to develop transformative, sustainable programs that address the economic and psychosocial needs of the heart community while fostering innovative advancements to improve health outcomes while developing diverse revenue streams.

OUR PLAN

Our plan is to enhance and scale our programming to meet the evolving needs of the heart community equitably. We aim to connect more individuals with childhood-onset heart disease and their families to lifelong support that is free from access barriers.

OLLIE'S BRANCH

Leverage **artificial intelligence** to enhance our client-mental health therapist matching services to **maintain match quality** while creating more capacity.

COMMUNITY OUTREACH

Expand **food** and **nutrition security** support for outpatient heart families.

TECHNOLOGY & RESEARCH

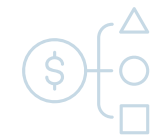

Focus efforts on funding projects that improve the **quality of life** for heart warriors and their families.

TAKE HEART

Further **expand** the number of Take Heart Collective Impact **members**.

FINANCIAL HEALTH

Continue to **diversify our revenue** portfolio through grant funding, point-of-sale donations, and social partnerships to complement our **strong direct donor support**.

BRAND

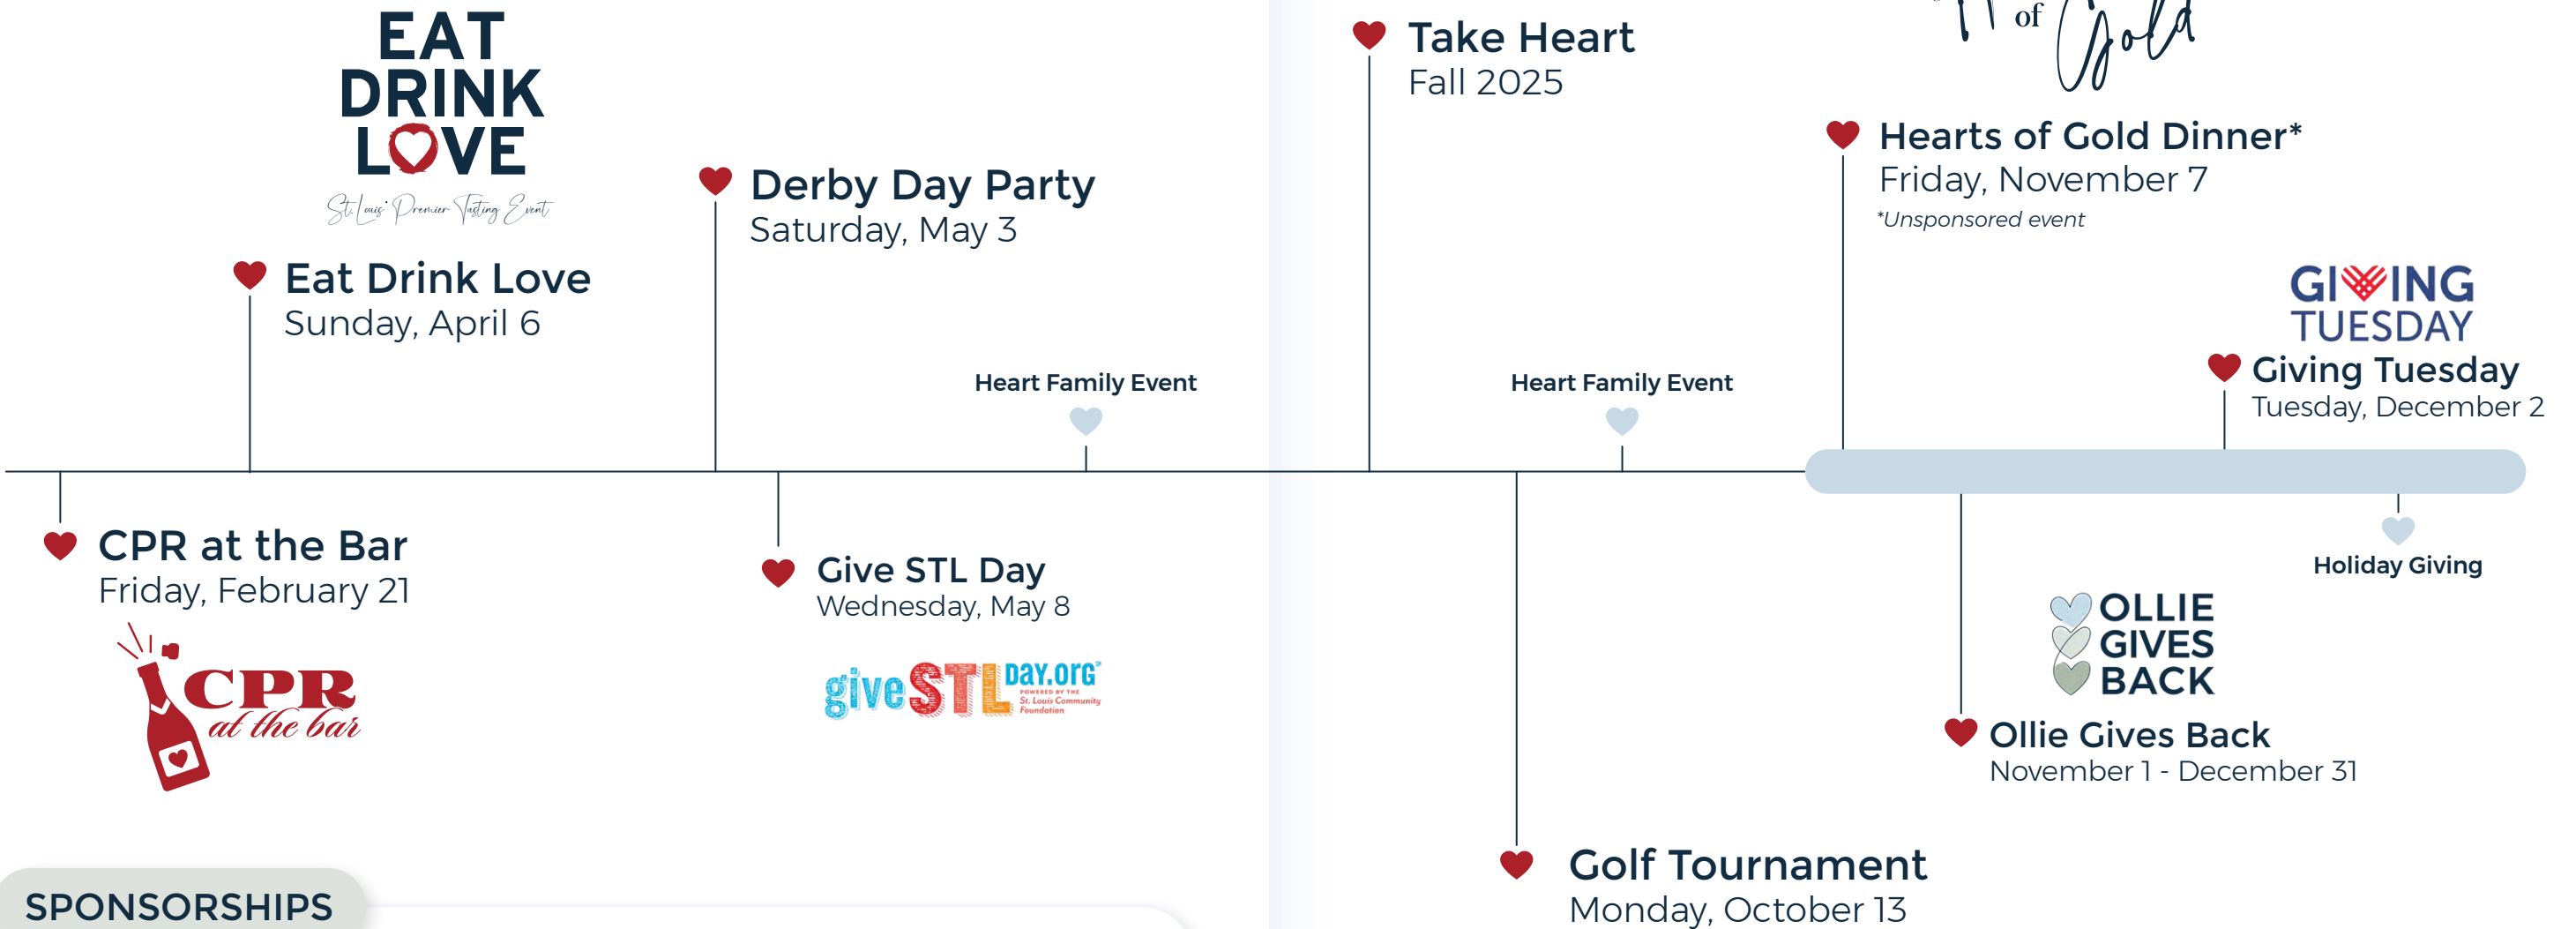

Increase **public awareness** and **recognition** creating more advocates for the heart community while **strengthening our reputation** as a worthy organization.

ORGANIZATIONAL & OPERATIONAL STRUCTURE

Continue to recruit, employ, and support **diverse talent** and **identities** to represent and serve the Heart community more effectively.

2025 EVENT TIMELINE

SPONSORSHIPS

As a sponsor, you have an enormous impact on OHHF's ability to support and strengthen heart families and fund the most impactful services and programs. With several sponsorship opportunities for most events, there are many ways to contribute to the need. Scan the QR Code to view our 2025 Sponsorship Menu.

OUR PLAN

"I am SO grateful, I am in tears. I haven't had any therapy through this entire 11 years, after my son was born and had 7 surgeries, a major stroke, a pandemic, losing family during that, and on and on. I have been holding on to all of this for so long, and it's finally taking its toll on my health. This is a first step to taking care of me."

- HEART PARENT

ASKING OUR PRESIDENT

Where do you see your foundation a decade from now?

In 10 years, I see OHHF as a leader in pediatric heart disease support, redefining how heart families are supported. Our reach will expand significantly, with enhanced mental health services and tailored support programs addressing the unique needs of the heart community. We'll keep pushing boundaries by funding cutting-edge research and fostering collaboration among researchers, funders, and care providers to drive real innovation. With the data we've collected from Ollie's Branch, we'll set a new standard for integrating emotional and psychological support into heart care, making sure every family gets the compassionate, barrier-free resources they need and deserve.

Through our Take Heart Collective Impact, we'll focus on public education initiatives and projects that center patient voices around the economic and psychosocial needs of the heart community equitably while investing in cutting-edge advancements to improve outcomes. We'll continue growing our fundraising efforts and build strong corporate and philanthropic partnerships that allow us to scale our impact, allowing us to reach even more families. But no matter how much we expand, we'll always stay true to our roots -- taking our love for Ollie and sharing it with others.
